

There's a lot I like about the class But  
the most important one is that when  
She is taking the class in Urdu I read  
my Quran in English everything she  
says its exact from the Quran It  
makes it so easy and makes sense to  
me الحمد لله We must read and  
understand the Quran to practice it  
and help our generation to be  
confident so that they can take it to  
the next level without hesitating  
الله Zeenat Jandga!
